(revised 7 November 2019)

Earth drummer
feel the beat;
Let the rhythm
roll underneath
your feet.

Earth drummer
steps
on top
of Mother
Earth's seeds
as they fall
to the
ground
and take root
growing new Life
all around.

Thank you
for this
Food,
Thank you
for this
Life;

Thank you,
Dear God,
for this
Bounty
that helps us
survive.

Earth Drummer
Lift the
Spirit
of all Ancestors -
Present Day & Past.

People of all
Colors;
People of all
Shapes;
People of all
Faces;
People from all
Faiths.

Earth drummer
Call on those
We cherish
In life
The owl, coyote,
Hummingbird
And fish,
Whom we could
Not live without.

Earth drummer
step
in time with
this musical
Beat,

Earth drummer
trippin' to the rhythm
Let it set
your soul
Free.
